## SHAPING THE FUTURE MEANS INVENTING IT.

The basis for success is always product excellence, which is why all Kaldewei baths and shower trays are meticulously crafted with steel enamel 3.5 mm. This material enables our designers to set new state-of-the-art standards. It also helps us keep pace with trends be they ecological, design or technological.

The secret to true craftsmanship lies in the art of paying attention to the smallest of details. Today we would like to present you some of our latest innovations; products and services that will help build our position as a global bathroom pioneer and contemporary style icon.

# AESTHETICS OF ASYMMETRY

Asymmetric Duo – ergonomic, stylish, extravagant.

## DESIGN

Phoenix Design Stuttgart/Tokyo. The ASYMMETRIC DUO is the bath with a multi-functional comfort zone. The extended rim surface is not only a masterpiece of bathroom design it also has many aesthetic advantages. You can use the rim to sit or lean on. It also provides space for bath accessories and it is ideal for the individual placement of fixtures. The clear and precise contours of the outer bath provide an attractive contrast to the ergonomic and flowing shape of the bath within. The integrated waste with enamelled waste cover on the bottom surface of the bath is a further geometric highlight.

## SPECIAL FEATURES/ACCESSORIES

Anti-slip, full anti-slip, easy-clean finish, lighting set, Comfort-Level (Model No. 4006)/Comfort-Level Plus (Model No. 4016), indirect lighting, decoration, pool handle, waterfall bath inlet, special waste and overflow fitting with enamelled waste cover and overflow knob (Model No. 4060), special waste and overflow fitting with integrated filling function, enamelled waste cover and chrome overflow (Model No. 4061).

## AVAILABLE SIZES

170 x 80 x 42 cm (Model No. 740), 180 x 90 x 42 cm (Model No. 742) and 190 x 100 x 42 cm (Model No. 744).  
The enamelled outlet cover dimensions 15 x 9.5 cm.

The ASYMMETRIC DUO (Model No. 742) is expected to be available from the end of April 2011

# PIONEERING AESTHETICS

Conoflat – State-of-the-art shower trays, new sizes.

## DESIGN

Sottsass Associati, Milan. The CONOFLAT has an extremely flat design without any edges to trip over. The enamelled waste cover fits seamlessly into the surface that is level with the floor. For new and elegant aesthetics, for unlimited freedom of movement and optimal comfort when standing. Available from spring 2011 in 12 new sizes.

## SPECIAL FEATURES/ACCESSORIES

Anti-slip, full anti-slip, full anti-slip in Coordinated Colours Collection, gold decoration, decoration, easy-clean finish, Coordinated Colours Collection, special waste fitting KA 120/KA 120 vertical.

CONOFLAT (Model No. 786)

interior  
innovation  
award  
2011  
Winner

Due to its integrated design concept, the CONOFLAT not only guarantees an exclusive showering pleasure, but it also perfectly matches the CONODUO bath.

Floor level perfection which creates a high level of standing comfort due to a flat, enamelled waste cover which is inserted flush with the shower base.

# PLUS INNOVATION IN SHOWERING

Superplan Plus – design and function in perfection.

## DESIGN

Kaldewei design. Purism redefined. The new enamelled waste cover fits flush and harmoniously into the overall design of the SUPERPLAN PLUS underlining the purist nature of this special shower tray. With a structural height of only 109 mm (including the Kaldewei waste cover KA 125), the SUPERPLAN PLUS is extremely flat and ideally suited for floor-level installations. It is available in 12 different dimensions (from 90 x 90 x 2.5 cm to 120 x 120 x 2.5 cm) and can easily be harmoniously integrated into any room layout. With its exclusive design, the new SUPERPLAN PLUS turns showering into a wonderful every day experience.

With the combination of the waste fitting KA 125 and the SUPERPLAN PLUS, Kaldewei presents an innovative system solution. The waste fitting has a completely flush waste cover and achieves outstanding drainage performance at a low structural height. The enamelled waste cover also ensures high stability, ideal stepping comfort and a consistent surface finish.

## SPECIAL FEATURES/ACCESSORIES

Anti-slip, full anti-slip, full anti-slip in Coordinated Colours Collection, anti-slip decoration, easy-clean finish, decoration, coloured waste cover, Coordinated Colours Collection, special waste fitting KA 125.

SUPERPLAN PLUS (Model No. 475)

# PURE PLEASURE IN XXL

Puro – 190 x 90 cm.

## SPECIAL FEATURES/ACCESSORIES

Anti-slip, full anti-slip, easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, decoration, relax lounger, pool handle, waterfall bath inlet/waterfall bath inlet with overflow for side overflow model.

## DESIGN

Kaldewei Design. One of the basic principles of modern architecture and interior design is reduction. The clear and purist design of the Puro bath follows this approach. It meets the demand for high quality, yet affordable design as a single-seater bath. The PURO has an especially generous base length for exceptionally high bathing comfort. It is available with overflow either at the foot area or on the side.

PURO with side overflow. (Model No. 697)

# NEW ANTI-SLIP AND FULL ANTI-SLIP

Subtle and safe.

## IMPROVED BY DESIGN

The anti-slip and full anti-slip enamel from Kaldewei is hardly visible, but offers more security when showering and bathing. It consists of a quartz and sand mixture and is fired permanently onto the Kaldewei steel enamel 3.5 mm. Within Kaldewei's own laboratories, Kaldewei has succeeded in developing a new formula thanks to which the anti-slip and full anti-slip enamelling is now flatter, softer and even easier to clean – with the same slip-resistant properties! The TÜV responsible for the Rhineland area of Germany has confirmed the anti-slip and full anti-slip from Kaldewei as slip-resistant in accordance with ratings group B (DIN 51097) and ratings group R11 (DIN 51130) for wet barefoot areas.

ELLIPSO DUO OVAL with full anti-slip.

SUPERPLAN 90 x 90 cm with full anti-slip.

Expected to be available from July 2011

# CONODUO AND ELLIPSO IN NEW SENSUAL COLOURS

Arctic white matt and lava black matt.

## CONODUO

### DESIGN

Sottsass Associati, Milan. The CONODUO unites independent design with excellent bathing comfort for a feeling of peace and clarity, combining architectural and geometric elements to form a distinctive design. Other special features include the concealed waste with enamelled cover and an enamelled knob for the outflow control.

### SPECIAL FEATURES/ACCESSORIES

Easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus, indirect lighting, pool handle. Relax lounge for the CONODUO (180 x 80, 190 x 90 and 200 x 100 cm).

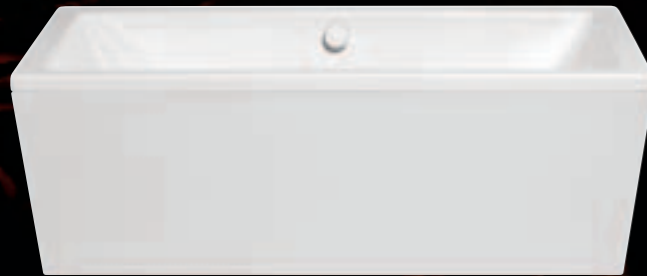

## ELLIPSO

### DESIGN

Phoenix Design, Stuttgart/Tokyo. The square bath ELLIPSO DUO is strictly geometrical, while its edge design is characterised by refined and flowing contours. Its soft, elliptical interior ensures a feeling of security and comfort. The round shaped shoulder section and linearly extending side walls provide generous space for relaxed bathing whether alone or in company.

### SPECIAL FEATURES/ACCESSORIES

Easy-clean finish, lighting set, Comfort-Level/Comfort-Level Plus.

(Model No. 232-7)

ELLIPSO DUO OVAL Lava black matt with free-standing panel.  
(Model No. 232-7)

# FULL ANTI-SLIP IN COORDINATED COLOURS COLLECTION

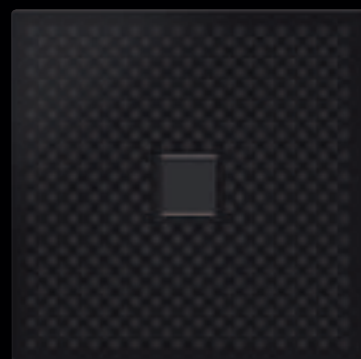

Conoflat, Superplan, Superplan Plus and Superplan XXL.

## DESIGN

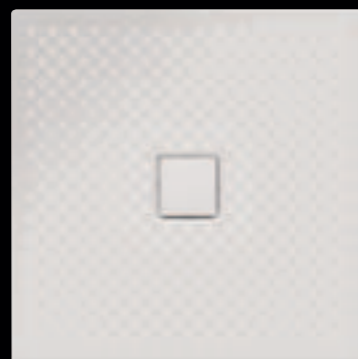

The full anti-slip enamelling from Kaldewei perfectly matches the colours of the Coordinated Colours Collection and is barely visible, but still offers more safety when showering. With this combination of colour and function, Kaldewei is setting new standards in matters of aesthetics and style. This new feature is available for the CONOFLAT, SUPERPLAN, SUPERPLAN PLUS and SUPERPLAN XXL shower trays.

## FULL ANTI-SLIP ENAMELLING

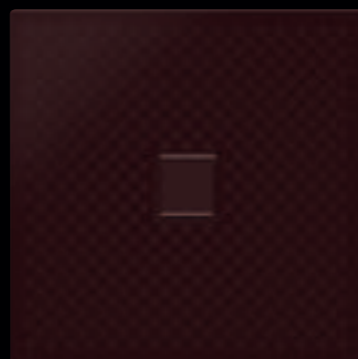

The full anti-slip enamelling from Kaldewei consists of a quartz and sand mixture and is fired permanently onto the Kaldewei steel enamel 3.5 mm. The textured surface provides for increased safety. The TÜV Rhineland has confirmed the anti-slip and full anti-slip from Kaldewei as slip resistant in accordance with ratings group B (DIN 51097) and ratings group R11 (DIN 51130) for wet barefoot areas.

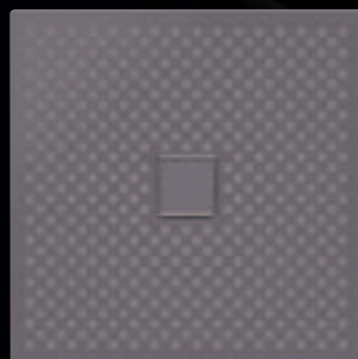

Lava black matt

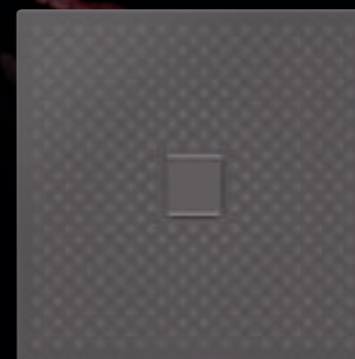

Arctic white matt

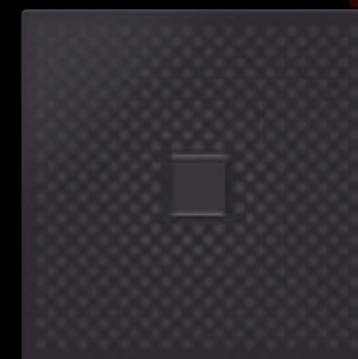

Ancona brown matt

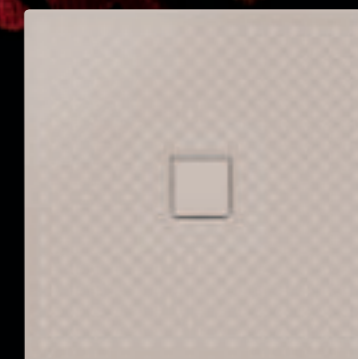

Pasadena grey matt

Catania grey matt

City-anthracite matt

Pearl grey matt

Expected to be available from April 2011.

The images showing the full anti-slip finish are for illustration purposes only and may deviate from the actual surfaces on account of printing procedures.

# INSTALLATION STRIPS

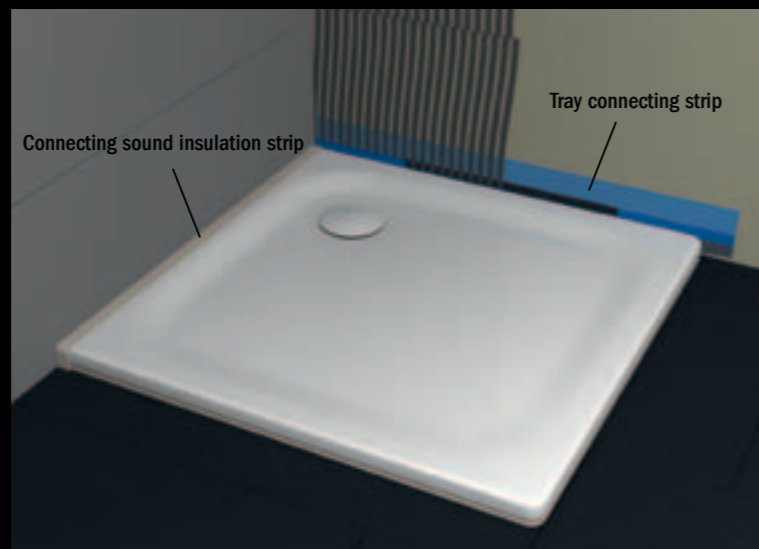

For baths and shower trays.

## WDB 95 CONNECTING STRIPS

WDB 95 connecting strips from Kaldewei protect silicone joints in baths and shower trays against moisture penetration. The strips are installed between the edge of the bath or tray and then tiled over. WDB 95 tray connecting strips prevent moisture penetrating the walls, should miniature cracks develop inbetween the joints. This makes your bathroom safer. WDB 95 can be adapted to suit all situations and is available in 3.8 m and 5 m-length rolls. It is suitable for use with all Kaldewei baths and shower trays as a seal between the bath or shower tray and the wall. The strips can easily be secured and combined with other existing wall seals.

## DELIVERY (per roll)

- 1 x 95mm-width connecting strip (3.8 m/5 m)
- 1 x Capillary protective strip 15x2 mm
- 4 x Capillary protective corners
- 1 x Installation instructions
- 1 x Notice sticker for tilers

## WAS 70 CONNECTING SOUND INSULATION STRIPS

WAS 70 connecting sound insulation strips from Kaldewei ensure that your bath or shower tray is mounted perfectly to the wall or floor. They are suitable for baths and shower trays. Sound vibrations are noticeably reduced and uneven areas levelled out. The strips are very easy to install and provide a number of benefits to customers. The product is available at Kaldewei in 3.3 m and 10 m-length rolls.

## DELIVERY (per roll)

- 1 x Connecting sound insulation strip (3.3 m/10 m)
- 1 x Installation instructions

The WDB 95 and the WAS 70 are expected to be available from April 2011
